

This technical drawing is an exploded perspective view of a mechanical assembly. The components are numbered as follows: 1 (circular base plate), 2 (small circular disc), 3 (circular plate with a central hole), 4 (small circular disc), 5 (circular plate with a central hole), 6 (small circular disc), 7 (circular plate with a central hole), 8 (small circular disc), 9 (circular plate with a central hole), 10 (circular plate with a central hole), 11 (circular plate with a central hole), 12 (small circular disc), 13 (circular plate with a central hole), 14 (small circular disc), 15 (circular plate with a central hole), 16 (small circular disc), 17 (circular plate with a central hole), 18 (small circular disc), 19 (circular plate with a central hole), 20 (small circular disc), 21 (circular plate with a central hole), 22 (small circular disc), 23 (circular plate with a central hole), 24 (small circular disc), 25 (circular plate with a central hole), 26 (small circular disc), 27 (circular plate with a central hole), 28 (small circular disc), 29 (circular plate with a central hole), 30 (small circular disc), 31 (circular plate with a central hole), 32 (small circular disc), 33 (circular plate with a central hole), 34 (small circular disc), 35 (circular plate with a central hole), 36 (small circular disc), 37 (circular plate with a central hole), 38 (small circular disc), 39 (circular plate with a central hole), 40 (small circular disc), 41 (circular plate with a central hole), 42 (small circular disc), 43 (circular plate with a central hole), 44 (small circular disc), 45 (circular plate with a central hole), 46 (small circular disc), 47 (circular plate with a central hole), 48 (small circular disc), 49 (circular plate with a central hole), 50 (small circular disc), 51 (circular plate with a central hole), 52 (small circular disc), 53 (circular plate with a central hole), 54 (small circular disc), 55 (circular plate with a central hole), 56 (small circular disc), 57 (circular plate with a central hole), 58 (small circular disc), 59 (circular plate with a central hole), 60 (small circular disc), 61 (circular plate with a central hole), 62 (small circular disc), 63 (circular plate with a central hole), 64 (small circular disc), 65 (circular plate with a central hole), 66 (small circular disc), 67 (circular plate with a central hole), 68 (small circular disc), 69 (circular plate with a central hole), 70 (small circular disc), 71 (circular plate with a central hole), 72 (small circular disc), 73 (circular plate with a central hole), 74 (small circular disc), 75 (circular plate with a central hole), 76 (small circular disc), 77 (circular plate with a central hole), 78 (small circular disc), 79 (circular plate with a central hole), 80 (small circular disc), 81 (circular plate with a central hole), 82 (small circular disc), 83 (circular plate with a central hole), 84 (small circular disc), 85 (circular plate with a central hole), 86 (small circular disc), 87 (circular plate with a central hole), 88 (small circular disc), 89 (circular plate with a central hole), 90 (small circular disc), 91 (circular plate with a central hole), 92 (small circular disc), 93 (circular plate with a central hole), 94 (small circular disc), 95 (circular plate with a central hole), 96 (small circular disc), 97 (circular plate with a central hole), 98 (small circular disc), 99 (circular plate with a central hole), 100 (small circular disc).
